Queen Bebe Reigns As Cavs Tackle The Eagles

Colleges Spend Evening At Coral Gables High

"One of the most successful groups I've been to in ten years" was the comment of one of the guest representatives speaking at Gables' college night held November 7.

Forty-seven college representatives were present from thirty-three out-of-state colleges and fifteen state institutions.

Sponsored by the Guidance Department and the Parent-Teacher Association, the evening was such a success that the halls were as crowded as they are during regular school hours.

The program was started with a general assembly at 7:30 in the auditorium. During this time, directions were given for the three thirty minute sessions which were to follow.

Members of the National Honor Society undertook the task of ushering throughout the course of the event.

The three colleges having the largest attendance were the University of Miami, University of Florida and Florida State University. For that reason, the U.

Last year, Coral Gables High shocked the schools of Dade County and the entire nation by having eight students placed into the honors group of the Westinghouse scholarship program. This was fourth high of all schools in the United States.

This year, Mr. Walter D. Bowlby intends to prove that Coral Gables students can do even better. At this point, he is working with 34 senior students on preparation for science projects and the competitive examination administered by Westinghouse.

In order to qualify for the Westinghouse competition, each student must attain a high score on a competitive examination and submit an outstanding project.

of M. was held in the auditorium and the latter two in the study halls.

All Gables' students were invited to attend along with their parents, and although a larger percent of students were seniors, the sophomore and junior classes were well represented.

The seniors working with Mr. Bowlby have already shown their ability, as 13 were among the 20 students from Coral Gables who were Merit Scholarship semi-finalists.

The senior Westinghouse team elected the following people as their leaders: Director, Neal Goodman; Assistant Director for Girls, Ruth Scally; Captain of Boys, Mitchell Fruitstone; Co-captain, Martin Cohen; Assistant Co-captain, Herbert Bachelor; Captain of Girls, Ruth Kavenoff; Co-captain, Peggy Gillmer; Secretary, Jane-Carol Johnson; and Treasurer, Carol Greenfeld.

Sophomore Student Takes Music Award

Sophomore Wilma Brown has won a competitive scholarship to study the violin under Eugene Du Bois. Mr. DuBois is generally considered among the most outstanding violinists in the Miami area.

The award won by Wilma is valued at \$500.

Coral Gables Senior High's 1961 Homecoming Week will culminate its activities tomorrow morning at the Coral Gables Stadium as the Cavalier grid team tackles the Eagles from South West High. At stake will be the turkey trophy which is awarded annually to the winner of the game. The Cavaliers, although tied once by the Eagles, have never lost to them.

Queen Bebe Parker and her court of princesses, Carolyn Keefer, Timmie Dutcher, Tessi Fajardo, and Donna Criswell, will make their final official appearance as they are escorted onto the field tomorrow for the tossing of the coin.

Queen Bebe and her court were announced at the Homecoming Dance at South Miami Heights Cabana Club last Friday night. Gables students were spread out over the vast area offered by

the Cabana Club for dancing, talking, and eating. The spacious facilities proved more adequate than those of the University of Miami's Student Union Building where last year's dance was held.

Last evening's activities brought Gables students back to school for the annual bonfire. The traditional occasion took on a new look as bleachers were installed for the first time, permitting students, parents, and faculty to sit down during the evening.

Homecoming activities will come to a final close this Saturday at the Letterman's Dance. Although not included as an official activity in the week long Student Government produced week, the dance and crowning of the Letterman's Sweetheart has traditionally come on the weekend after the Homecoming game.

New Biology Club Starts Here Today

This afternoon, students at Coral Gables High will have an opportunity to join a new biology club. All those interested should report to the meeting in Mr. Wayne Kirshner's room at 3:15.

Mr. Kirshner, the club's founder and sponsor, is entering his first year as a teacher at Coral Gables High. His club is the first of its type in our history.

Membership will be composed of students who are now, or at some time were, taking biology. Its purposes are centered about the promotion of interest in the biological sciences. Field trips and guest speakers will be used to promote these goals.

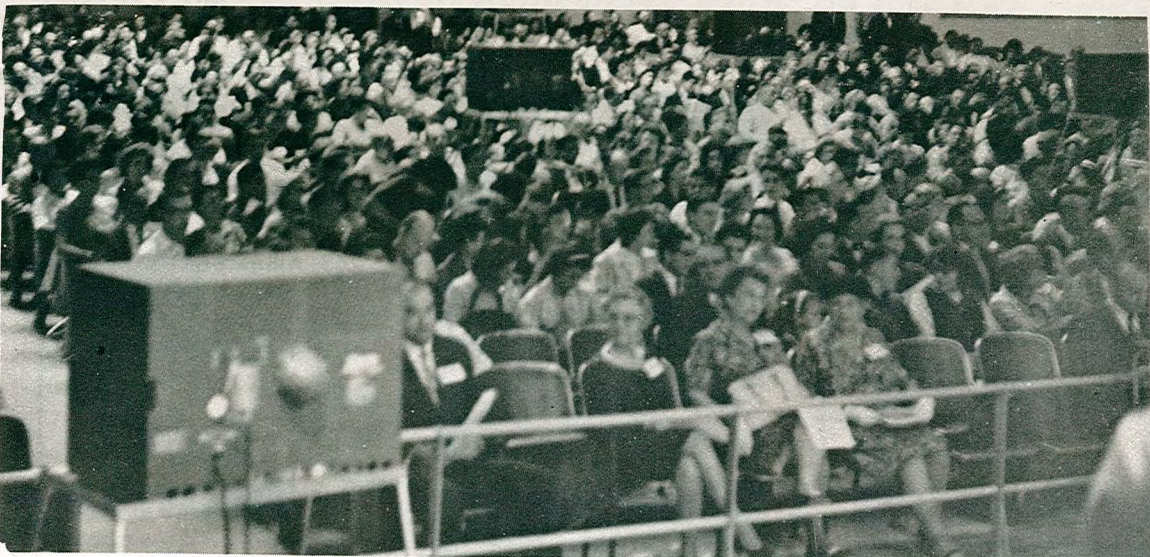

The now defunct Future Doctors of America will be reorganized as a part of the Biology Club. FDA was formed last year and has ceased functioning because of the lack of a faculty sponsor in spite of student efforts to find one.

Honors Aren't New To Our Regal Court

In selecting a Homecoming Queen and Court, Gables students have given four girls another honor to add to their own personal lists of accomplishments.

Queen Bebe practically loses her crown amongst her activities. She is a cheerleader and business manager of the Cavaleon. She represented Coral Gables High at Girls' State and also holds the position of treasurer of Quill and Scroll, national journalism honorary society.

Princess Carolyn Keefer is captain of the cheerleaders. Princess Timmie Dutcher, after serving as secretary of both the sophomore and junior class, now holds the same position in Student Government. Princess Tessi Fajardo, before coming to Coral Gables High, was named Queen of Shenandoah Junior High. Princess Donna Criswell, a Cavaliette by trade, was elected with Bebe Parker as one of the school's two representatives to Girls' State.

Students and parents gathered into the school's auditorium for an introductory session to the annual college night. After a few speeches, they migrated to sessions with three colleges of their choice.

In The HIGH LIGHTS...

New Gables Teachers Make Headlines

Mrs. Henrietta Jenrette, although now a loyal Gableite, graduated from Miami Senior High School. While she was at Miami High, she was the editor of the "Miami High Times." She attended the University of Texas, graduated from University of Miami, and has a Bachelor of Arts degree in history and psychology.

JENRETTE

ALEXANDER

Miss Annette Alexander, Social Studies teacher, is from Georgia, but she graduated from Coral Gables Senior High in 1955. While she was in Gables, she was the managing editor of the HIGH LIGHTS. She is a graduate of the University of Alabama, and has a Bachelor of Arts degree in English and History.

Mr. Robert Welsh, another new teacher, has traveled widely both in the United States and in England. He went to Ball State Teacher's College, and graduated from Indiana University. He has also attended Purdue University and Oxford University in England, and has a Master's Degree. Mr. Welsh teaches College Prep English and Mythology.

WELSH

BUSH

Mrs. Doris Bush had been an instructor in Tampa before coming to Miami last April. Now teaching sophomore English, Mrs. Bush attended American University and graduated from Tennessee Tech. She has been married for 9 years and has two boys, ages 6 years and 3 years old. Before becoming a teacher, Mrs. Bush did social work in Tennessee.

There's One In Every Class--A Make-up Artist

You've seen her many times. She's the one who is always up on the fashion in hairdos and makeup.

She's the one who sits in front of you during geometry class and teases her hair into a wild mess that you expect to see Tarzan come flying out of, just as the teacher explains theorem 2 on the board. She's also up on makeup. Each period you see her with her eyebrow pencil out putting on her new eyes.

First, we go over the eyebrows again so that they are darker, then we line the tops of our eyelids, which takes about five minutes an eye and if you miss and poke your eye out, of course it takes longer. Then comes the lipstick. This is one art of her's which never ceases to fascinate me.

First, it is necessary to line the lips, but never the way her lips are, oh no, much more glamorously.

In the end, when she's finished, she looks approximately like a Ubangi headhunter in full headdress, with boomerangs as eyebrows, two lumps of coal for eyes, a mouth like a clown in the circus, and powder 2 1/2 inches thick.

Uncongestion Of Halls Congests Meetings

It is presumed that students come to school in order to become educated. It can also be assumed that classroom attendance is a necessity in this quest for knowledge.

Our student government is responsible for taking one person from each homeroom out of class twice a month. Such a practice, supported and permitted by the school's administration, must be of some value. Unfortunately, a sampling of the productivity of recent meetings does not support this assumption.

Student Government representatives during the last two meetings have vigorously debated and discussed the hall congestion problems inherent in a school with the enrollment of ours. These debates have been ineffectual and unproductive.

There is no denial of the hazards each student encounters when trying to pass through the 700 hall. It is time we did something about this problem. But it is a waste of time for the student government to spend all of its time, and the time of its representatives, in attempting to reach a solution on this one isolated issue.

Therefore, we should seek an answer to the hall problem in a vigorous, determined, and expedient manner. What can be done to finally resolve the issue?

Why doesn't the Student Government take all the suggestions from the homerooms, process and list them for the representatives, and then present them in a meeting along with an evaluation from the cabinet? This would allow everyone to express his thoughts at one time rather than periodically throughout the year.

The way things are now going, the hall problem will be presented at every meeting from now until June. Let's complete this business now and devote our time to other things.

What's The Good Word? A Look Around

Everybody's busy this time of year--trying to catch up on the work they'll miss over Thanksgiving vacation, of course!

Join! Join! That's the magic word. Service clubs, language clubs, interest clubs are all tapping members like mad. Can't you see those club treasurers dreaming of new-member dues, pouring in night and day? Dream on, wishful thinkers.

NFL members have stopped advertising, praising, or promoting their calendar and are now begging the tightfisted student body to BUY!

We notice that several sophomores have lost quite a bit of weight--could it be that Cavaleon sales, NFL calendar sales, Soph Class dues, Cavalierte Dance tickets, Homecoming Dance tickets, United Fund Drive, football game tickets etc, etc, have made them decide to quit eating lunch and the usual before lunch snack? In fact, some of them have even cut out the before-before lunch snack! Imagine that! What these dedicated people won't do for their school (they haven't been around long enough to know better!).

New National Honor members are racki. their brains to maintain their averages--or bust!

"Olympics, here we come!" is the motto of the sophomore girls. That is, those sophomore girls who expect to live through gymnastics at Phys Ed. (optimists!) All we can say is, Olympics, watch out!

Plagiarism Of Poe

By JOHN HANCOCK

Once upon a Thursday dreary, while I pondered weak and weary

Over a curious volume of forgotten lore-- While I nodded, nearly napping, suddenly there came a tapping

As if someone gently rapping, rapping at my chamber door

Only this and nothing more.

Deep into that darkness peering, long I stood there wondering, fearing

But the silence was unbroken; and the stillness gave no token

The only sound was "who is there" Merely this and nothing more.

Soon again I heard the tapping somewhat louder than before.

Let me see, then, what the treat is, and this mystery I'll explore.

Still there came a tapping, tapping. Ah, it's from my oven door.

I flung it open and looked in deeply Stepped from it a turkey stately, saintly as in the days of yore.

Perched and sat and nothing more.

Oh, distinctly I remember, it was in a bleak November.

I feasted on the fowl so tender; my appetite proved not a hinder.

But victory, the turkey bore-- Quoth my tummy, "Nevermore."

Memorandum

By MARY M. MATTESON
Thanksgiving was built upon a rock
And through the years its stood the shock
of time and tide and man's abuse
It serves no purpose-has no use.

Yet from its roots has grown this day
When we rejoice and laugh and pray
For thankful hearts and happy times
That ring within us-lovely chimes.

For all that's gone before us now
We fold our hands and humbly bow
For God, the giver, endowed to man
This pleasant place, our fruitful land.

A place for morning to find each day
The birth of light which lights the way
From country lanes to city streets
America lives, it breathes, it beats.

A Patriot In Our Midst

John Hancock is protecting the American way of life that his namesake helped to create. He is editing an anti-communist newspaper which is backed and financed by the Young Americans for Freedom Organization.

The purpose of the paper, according to John, is "to educate the people so that they will understand the communist ideology and will know a communist line when they hear one." The Gables junior became interested in the anti-communist movement this past summer and since then has been working continuously on this project.

Herb Philbrick, author of I Led Three Lives, and Edward Hunter who originated the term "brainwashing" will be contributing material to the publication.

Senior Profile: Aleda Pintavalle

Aleda Pintavalle is an athletic scholar. It may seem hard to believe, but this president of the Girl's Athletic Association has maintained a 4.2 average since her sophomore year at Gables.

A member of National Honor Society since last year, Aleda ("Lynn") can't decide whether she wants to be a physical education teacher or a language teacher. She is well qualified to be either. As any member of her Spanish class will tell you, Aleda understands the language like a native. In athletics, she has been chosen both the "Outstanding Sophomore" and the "Outstanding Senior" by G. A. A. Aleda has been on the softball varsity team, the volleyball varsity team, the badminton varsity team, and the basketball varsity team. Her interest in sports

ALEDA PINTAVALLE

has led to her position as Secretary of Sports in the Student Government cabinet.

Whatever she decides to be, Aleda will go to college, but she's not sure where. Her choices are Florida State University or the University of Miami.

A Thanksgiving Editorial

What Have We To Be Thankful For?

Phrases like "What should we be thankful for, radioactive fallout?" express the skepticism shown by most teenagers as Thanksgiving approaches. Great world powers press buttons and wage count downs which daily predict sudden death for all of us. Neutral nations shift inconsistently from capitalism to communism. Negroes are pushed out of white schools and gang wars invade city slums. In these times of violence and international tension, what indeed can be be thankful for on November 23?

One has only to knock on his neighbor's door to find out. I was collecting for the United Fund on a Sunday, and I came to a home overridden with poverty. A small boy answered the door, and when I told him of the charity, he reached into his pocket and gave me the dime he was saving for his school lunch. We may be thankful for the sincere kindness of today's youth.

I could not obtain an appointment with the family doctor yesterday because he was working at the scene of an emergency. He helped to save the lives of three teenagers and an elderly business man involved in the automobile accident. We can be thankful for the unselfish devotion still pre-

valent in the older generation of today.

A small group of high school girls have taken up a "baby-sitting" job at the Kendall Orphanage. They spend hours each afternoon giving homeless children the love and attention they have missed. Let us be thankful for natural instinct of brotherhood; the interest and love we share for our fellow man.

Next Thursday, as you sit down to a turkey dinner, think not of atomic warfare and propaganda. Say a special prayer for the run-of-the-mill blessings possessed by everyone around you. Thank God for the kindness, devotion, and love which will usher in tomorrow's brighter future.

Dinnertime: Oh, Woe It's Me

Gluttonous Students:

With that dreadful holiday of Thanksgiving practically upon us, it is necessary for me, representing my relatives, family, and friends, to implore of you one small favor. Like, why not have roast beef this year? How about fixing up a little ham; a fat roasted pig with an apple in its mouth maybe? . . . so much more attractive than plain brownish dullsville turkey.

I mean, why pick on us all the time? It is not fair to the laws of Nature. What did we ever do to you people? All day, we eat moldy bread crusts and gobble like idiots. If you don't cut this turkey bit soon, our race will become extinct and all those jokes about Pilgrims will lose their punch lines.

Have a heart, humane humans. Use some ingenuity and do without fowl this Thanksgiving. Be thankful for the prosperity of the country and the goodness of Nature and go "vegetarian" this year.

Report Required For German Club

There is more to becoming a member of the German Club than just signing up and having a certain required average. At the beginning of each semester any student taking German at Gables may submit an application for membership to the club sponsor, Mrs. Wilson. The application consists of a proposed report on any aspect of the German language, culture, or history. If the proposed report is accepted, the subject must be developed to a length of over two hundred words. Then the applicant is eligible for acceptance.

Besides putting on a play for the University of Miami, the members also hold a joint meeting with other German Clubs of Miami. The funds collected in the treasury through out the year are often used to increase the facilities of the German department at Coral Gables.

Officers for this semester are: JOE POTTS, President; NEIL GOODMAN, Vice President; CAROL GREENFELD, Secretary; and ANNE MARIE HIRNING, Treasurer.

G.A.A. Welcomes 13 New Members

Girls Athletic Association President Aleda Pintavalle announced the tapping of 13 Gables girls in two days.

On the morning of November 13 four juniors, Jeri Corso, Gloria Espinosa, Alice Baumgarten, and Leslie Paddor were tapped over the PA system.

The following morning the sophomore tappers were announced in the auditorium. Those named are: Barbara Hale, Diana Hayman, Carol Henry, Sue Lojinger, Pam Snow, Donna Stevenson, Martha Ann Stohecker, Mary Frances Stohecker, and Donna Walker.

Officers for this year's GAA other than President are: Sandy Lewis, Vice President; Judy Prettyman, Recording Secretary; Mimi Weiner, Corresponding Secretary; Judy McMillan, Treasurer; Ruth Scally, Sergeant-at-arms; Kathy Shea, Historian, and Carol King, Chaplain.

Information, Please!

Attention students of Gables! The co-editors of the organization page in the HIGH LIGHTS request information. If anything of interest to the student body has occurred or is planned by your club, please notify Joyce Denis or Marg Morrison.

CLUB CAPERS

By
Joyce Denis
and
Marg Morrison

On November 20, the LITERARY CLUB opened its membership. Students recommended by the English department made an oral book report before the club and presented a written poem, analysis, or composition. All applicants were required to have a 3.0 average in English. The results will soon be made public.

At the last meeting a professor from the University of Miami gave an interesting talk on his philosophy of theology and psychology.

Did anyone miss the crazy banner that kept blocking the view during the Gables-Miami football game? All in fun X-C; we really thought the banner was terrific! And in case you are wondering who sanded all the desks at the beginning of school, X-C deserves all the credit.

The SCIENCE AND MATH HONOR SOCIETY opened its membership for students with a 3.66 average in science and math (not including bonus points). Those eligible must present a thesis or an original project to the club sponsor, Mrs. Joann Taber.

The SPANISH NATIONAL HONOR SOCIETY held their first meeting of the year on November 1. At this meeting it was decided the project for this year was furnishing books to help the Spanish speaking students at Gables.

At their "Underwater Fantasy" party held November 4, at the Venetian Pools, CRESCENT CLUB announced the '61-'62 sponsors: LIZ MILIKIN, BRENDA McCARTER, BARBARA PALTRIDGE, and SUSAN WORLEY. Congratulations, girls!

"Hurray for books" was the slogan of National Book Week (November 12-18), set aside annually to promote interest in reading. Many new and interesting books were presented this year, displayed in the showcase across from the Main Office.

Saturday, November 18, found the members of FUTURE TEACHERS OF AMERICA in West Palm Beach, where they attended the District Convention. The girls spent from 10 a.m. to 3 p.m. greeting old friends and making new ones. They also heard from some very interesting guest speakers.

Officers for this semester are: ANN SOUCY, President; BARBARA ZWICK, Vice President; SUSIE KENT, Secretary; and LYNNE COCKHILL, Treasurer.

Don't find many people that'll give that generously.

Every Thanksgiving JUNIOR CLASSICAL LEAGUE collects clothes for the Miami Rescue Commission which in turn distributes them to needy families in the Miami area. This year members brought wearable apparel to the meeting, November 14 to fill the boxes waiting delivery to the Commission. The Miami Rescue Commission is a welfare organization designed to give free meals, clothing, jobs and lodging to those in need in the Miami area. President, JANE-CAROL

JOHNSON, Vice-President, LOIS WEIL, Treasurer, CHARLES NICHOLS, Secretary, DOTTIE GREGORY, and sponsors, MRS. SUE PIANT and MRS. MARGUERITE REYNOLDS are responsible for the many projects sponsored by the members of J. C. L.

Mmm, You Don't Say

Are you full of interesting tales that just have to be spread? Well, save your breath. Anything that deserves recognition or is of interest to teen-agers turn them in to room 504 (care of "Message Center") than keep your eyes peeled to the Saturday Miami News Teen Page----you might find your name in print!!!

Trilogy And Toys For Thespians

"The Hitchhiker", "The Hungarers", and "Sorry, Wrong Number" will be presented December 14, 15, and 16 by the Drama Department. THESPIAN'S officers are: President, DONNA SCHILLER, Vice-President, BETSY PATRICK, Recording Secretary, DENISE MOST, Corresponding Secretary, SUSAN KNOWLEN, Treasurer, JO MELLY.

During the month of December, THESPIANS will sponsor a Toy Drive. Homerooms will be asked to collect toys for needy families.

PEN AND SABLE EXHIBIT PALETTES

Pen and Sable, Chapter of the National Fine Arts Honor Society, tapped new members. They are: SHERRIL ALBERT, SUSAN BALBER, BESSE GERARD, CYNTHIA COHEN, CAROLYN COLLIER, NANCY COLLINS, DONNA DeCOSTAS, MARY EGGLESTON, SHARON FISK, SALLY GILES, PEGGY GILLMER, MANUEL GONZALEZ, CAROL HARRISON, KAREN HORNEIS, SANDY HIRSCH, DAVID HULFS, VIRGINIA LUTCH, SANDRA LUCAS, KATHLEEN NATASI.

MIKE O'DONNELL, LANA ROPES, DONNA SCHILLER, MARILYN SEITLER, NANCY SILVERBLATT, ROSLYN STREIFER, PETER SMITH, PEGGY THOMPSON, JUDY TIBOR, and MARY TOFF.

Lettermen's Sweetheart Dance To Be Held On November 24

Lettermen's Club is starting the year off with a bang. The fifty member, sponsored by Coach Kotys, and led by President, ROBB HASENCAMP; Vice President, STEVE CLIFFORD; Secretary-Treasurers, FRED VAUGHN; are busy planning their annual dance which will be Friday, November 24 after the Thanksgiving day Southwest game. Sweetheart and Sponsors will be announced.

The club, along with the Booster's Club, is sponsoring the construction of a 440 yard track on our athletic field. They have raised a sum of \$1,000 to pay for

the expense, but need another \$1,000 to reach the total sum needed. They will have a drive to collect this money, and any money collected over the \$1,000 mark will go towards improving our athletic facilities. The plan underway will give Gables the best athletic program and facilities in the nation.

Other projects are selling Gables jackets, and providing pictures and frames for the wall in the 700 hall. The club was formed to promote school spirit, and all athletic programs.

Attention All Tall Girls Tip Toppers Is For You

TIP TOPPERS began in November of 1954 with the purpose of furthering social and personal development. Girls interested in joining must be 5'8" and or above and have desirable personality characteristics. Plans for selling candy, having a Christmas party at an orphanage and having an alumni reunion are all in the future for members of TIP TOPPERS.

They are now under the guidance of their new officers: President, NANCY DEAN, Vice-President, GAILMEAD OVERBECK, Secretary, KAREN VALENTINE, Treasurer, SHEILA SHEA, Historian and Chaplain, KATHY SHEA, and Sergeant-at-arms, KAY MURRAY.

FRENCH TEACHERS FORM NEW CLUB

Four years ago, ENTRE NOUS, the French club at Gables collapsed with the untimely death of its sponsor, MR. THOMAS CAMPBELL. But this year the three French teachers, MR. JOSEPH TUCKER, MR. HAROLD TRIPP AND MR. LEO RINALDI have decided to re-form a French club under the name LE CLUB FRANCAIS. At their first meeting, open to all second and third year French students, they made plans for the

coming year and elected their officers who are: President, JACK BROWN, Vice-President, TOM WILSON, Secretary, MARGARET KRELL, and Treasurer, DONNA DeCOSTAS. Friday, NOVEMBER 10 in a showcase window of Richard's department store, a select group of first year French students took part in an Audio-Lingual Demonstration with MR. LEO RINALDI conducting. A bientot!

The Sports Scope

By ERIC JONAS

Lockhart Stadium in Fort Lauderdale is an example of what a high school stadium should look like. The stands are concrete. There are no holes or weak boards that can at times be very disturbing. The lighting at Lockhart is remarkable. Lockhart has an asphalt track around the outside of the playing field. In past years, it has been the site of the Dade County regional track meet.

At the end of next season, the county plans to abandon the Gables Stadium in favor of a new stadium which will be part of a county-wide system. The new stadium, which will be built on a new site, is a definite waste of the taxpayers' money. The cost of acquiring new property that will have as convenient a site as the present stadium could be prohibitive. The cost of putting in a new playing field could be almost as prohibitive.

The Gables Stadium has been sarcastically called "The Garbage Bowl" and "The Cow Pasture." These adjectives do to a great extent describe the stadium. However, with the money that would be spent on the new stadium, our stadium could be put to a better use.

Why can't the county take the money allotted for the new stadium in the southwest section and use it to make the Gables Stadium into something that this area can be proud of?

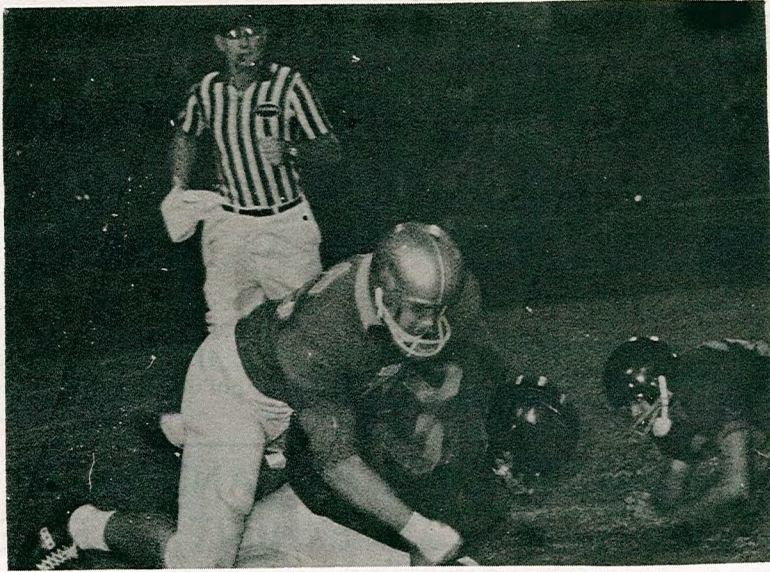

Coch Kotys Elected To Mon Valley Hall Of Fame

Gables head football coach and athletic director, Nick Kotys, has been chosen for induction into the Mon Valley Sports Hall Of Fame. The Mon Valley includes the valley area around Monessen, Pennsylvania, south of Pittsburgh.

At press time, Coach Kotys did not know whether or not he would attend the ceremony on December 6, when he will be presented with an appropriate plaque. Mr. Kotys considers this honor as a very great one. Coaches Rip Engle of Penn State and Wayne Hardin of Navy will be the speakers at the presentation.

Coach Kotys graduated from Monessen High in 1932. He played left halfback on offense and safety on defense for the Greyhounds, and made All-WPIAL (Western Pennsylvania Interscholastic Athletic League) and All-State. The most famous of his contemporaries was John Michelosen of Ambridge High. Michelosen is now head football coach at The University of Pittsburgh where he has a lifetime contract.

Cavs, Stings Fight To 0-0 Standoff As Both Defenses Dominate Play

Gables tackle Joel Goldman crashes in on a Miami High back in the 0-0 game last Thursday night. The Gables line was outstanding all night as the Stingarees made only four first downs.

Coral Gables and Miami High fought to a 0-0 tie in the Orange Bowl last Thursday night, and that just about tells the story of the game. Neither Gables nor Miami could move the ball with great authority as both defenses were outstanding.

Miami High placed its third in the state ranking on the line and soon Gables, fourteen point underdogs, were not playing their part.

The Cavalier defense was outstanding especially when the Stingarees mounted their only first half drive. After two successive fifteen yard penalties, Miami High had the ball on the Gables' thirty-seven. In four plays, they were on the forty and the Cavaliers took over.

Midway in the second quarter, tackle Joel Goldman rushed in to block a Miami High punt. Instead of trying to pick up the ball and run, linebacker Mike Brady fell on it. The ball squirted out of his hands and Jim Bennett recovered it for Miami High at the fifteen, but the ball went over on downs. Quarterback Larry Blume couldn't move the Cavs and the Stings took over on the nineteen.

In the third quarter, Gables put together their only real march of the game reaching the Miami High twenty-nine. Fullback Harold Skipper sparked the drive with a number of good runs. The Cavs then lost twenty-two yards in three plays and Ed Maynard had to punt.

A few minutes later, the Stingarees intercepted a Larry Blume pass and if it had not been for Blume's shoestring tackle, the score would have been 6-0.

Miami High got their first first down with four minutes left in the game. They drove to the Gables' twenty-nine where the Gables line held on four downs. With forty-two seconds left in the fourth quarter, Gables tried three passes and the game was over.

Cavs Open At Palmetto JV Beats Jackson In Holiday Tournament To Lead County

The Coral Gables basketball team opens its 1961-62 season with the Pompano Beach Holiday Tournament December 26-29. At press, only three participants (host team Pompano Beach, Miami Beach, and Coral Gables) had been announced.

The 1961-62 schedule:
 Dec. 26-29 Pompano Beach Holiday Tournament
 Jan. 5 at Miami High
 Jan. 9 Fort Lauderdale
 Jan. 13 at Miami Beach
 Jan. 16 Miami Jackson
 Jan. 19 at North Miami
 Jan. 20 Miami Edison
 Jan. 24 Southwest
 Jan. 26 Hialeah
 Jan. 30 at Edison
 Feb. 2 Riverside
 Feb. 3 South Dade
 Feb. 6 North Miami
 Feb. 9 at Riverside (Fort Lauderdale)
 Feb. 10 at Southwest
 Feb. 13 at Miami Jackson
 Feb. 16 at Key West
 Feb. 17 Miami Beach
 Feb. 20 Miami Beach
 Feb. 23 at Hialeah

The Cavalier junior varsity football team defeated the Miami Jackson baby Generals 21-13 Thursday, November 10 at the Youth Center Field, to win the Dade County junior varsity championship.

Gables scored first in the first period when Steve Jackson threw a seventeen yard pass to end Dave Lamb. The extra point was good. The Generals came right back and scored to tie the game at half time 7-7.

The Crimson and Gray wrapped the game up in the third period when they scored two touchdowns. Jackson bulled over from the five and the Cavs added another score late in the period. The Generals scored again in the fourth quarter, but it was too late.

The junior varsity's record for the 1961 season was five and one with the loss coming in the season opener with Miami Edison.

This year was a most successful one.

Coral Gables end Ron Pantello eludes two Miami High tacklers as Gables and Miami High fought to a 0-0 tie. Pantello was playing his first full game of the season after a practice injury disabled him. Unfortunately, as the score indicates, Pantello was unable to break away.

Ghormley Cagers Stacked To Win

This year, the basketball team is being coached by Mr. Gary Ghormley who coached last year's junior varsity squad.

Last year's varsity had an up and down season, at times showing bursts of brilliance and at others being totally ineffective.

Two of the team's best prospects are juniors Howie Dale and Marc Snyder. As a soph, Snyder was the starting center and Dale was one of the team's best guards after he came up from the junior varsity.

Seniors Larry Blume, Steve Clifford, Ted Waters, and John Gazitua are back from last year.

from the junior varsity are Mike Sandler, Ellis Shaw, John German, and Rick Clifford.

Practice up till now has been slow, but, now that the football season is ending, Coach Ghormley can devote full time to basketball.

Eney, White Lead '61-62 Tankers Feature Experience And Talent

Coral Gables swimming team plunged into a new season. Under the leadership of Coach Herb Wertz, fifty-three girls reported for tryouts. The team has completed its first two weeks of practice after several weeks of preliminary tryouts. The thirty-seven girls that remain on the squad represent the best in swimming ability and competitive spirit and fortitude. This year's team will well-represent the high athletic tradition of Gables.

Centered around a nucleus of last year's high point winners, Liz White, state champion Martha Eney, and Nancy McLeod, will be sophomore stand-out Sandy Zissen, Mercedes Morales, Susan Kent, Alexis Latiner, Snook Rourk, Lisa Vance, and Suzanne Kirby.

Juniors Carlotta Boetter and Ann Howie will also help the squad. This year's divers will be Beth Swanson, Jane Findeisen, and Janet Carr.

More positions on the starting squad are open and about twenty-five other girls are vigorously training for these spots. Coach Wertz says, "With continuous hard work on the part of all swimmers, this year's girls swim team can be one of the finest to represent Coral Gables."

The boys team will try out Monday, December 4 and will start with a meeting in room 603 after school. The schedule has not yet been established for this year, but the first meet will be in the later part of February.

Knight Explodes On Kickoff Return Cavs Storm Past Flying L's 28-7

Jim Knight's 89 yard kickoff return broke the Fort Lauderdale Flying L's back as the Cavaliers rolled to a 28-7 victory at Lockhart Stadium Friday night, November 3. The Cav offense rolled for the first time since the Jacksonville Jackson game. The rock-ribbed Gables defense stopped the L's consistently.

The Crimson and Gray scored the first time they had the ball taking only five plays to travel fifty-six yards. The defense stopped Lauderdale on four downs. The run back of Dick Amalung's punt gave the Cavaliers the ball on the Gables forty-two yard line. On first down, Blume went outside tackle for eight yards. Blume's swing pass to Ed Maynard gave the Cavaliers a first down at the Lauderdale forty-eight. Maynard then rambled seventeen yards to the thirty-one and another first down. Knight plunged for three to the twenty-eight. Blume then burst up the middle and rambled twenty-eight yards through the entire Lauderdale team for the score. Robb Hascencamp's placement was good, and the Cavaliers led 7-0.

scoring threat after the kickoff. The L's marched for first downs on their own forty-two and the Gables' thirty and seventeen. The defense held and the Cavs took over at their own fourteen.

On the second half kickoff, Jim Knight ran back to the Lauderdale thirty where he fumbled. Guard Bill Mercer picked up the ball and ran for a touchdown, but the play was called back because of an offside penalty. The Cavs drive after the second kickoff was stopped at the Gables' thirty-nine. The L's then rolled all the way for the score to tie the score at 7-7.

Then the thunder struck. Knight took Amalung's kickoff at the eleven and rambled eighty-nine yards for a touchdown using the same play he did against Palmetto and Edison.

Early in the fourth period, Amalung fumbled Maynard's punt at the Lauderdale eleven yard line and Mercer pounced on it. Harold Skipper plunged to the eight and then Blume went right up the middle for the score. Hascencamp made it 21-7.

The Cavs added their last score late in the fourth period when Mike Brady culminated a forty-three yard drive with a twelve yard run.

The L's mounted their first

"These bonfires get better every year!"

Crescent Club Sponsors Emerge From Venetian Pool

Crescent Club recently held a dance at which its four sponsors for this year were announced. The fellas seemed to have solved the problem of picking from among their favorite debs the one to be honored with the sweetheart title by simply not having a heart-throb at all. However, the four delighted girls chosen sponsors were: Liz Milikin, Barbara Paltridge, Brenda McCarter, and Susan Worley. All received a gold disk with the club emblem

from the pin in raised form attached to it.

The presentation was made toward the very last of their successful Venetian Pool party. Suspense was high throughout the evening as everyone wondered who would be chosen.

Although no formal decorations were used, the pool lights added atmosphere and the necessary light. The regular refreshment stand remained open during the party much to the delight of all present.

Billy Rolle's six piece band played to an audience of approximately fifty couples and contrary to many doubts--it didn't rain. Dress was casual and, of course, the Hully Gully was "the dance".

New College Guidance Book Is Available For Students

The American Legion's educational and scholarship handbook, "Need A Lift?", containing information about hundreds of college and vocational school scholarships for qualified high school students in this area has been presented by Lindley De Garmo, Unit #70 of the American Legion Auxiliary.

This revised publication for the year 1961-62 is recognized as one of the most complete sources of career and scholarship information in the United States. The handbook does not limit its listings to children of Veterans but contains scholarships and educational aids which are available to all students.

She mentioned in particular the Junior GI Bill which provides up to \$110 per month for four years of educational help for sons and daughters of veterans who lost their lives as the result of military service. Over half of the young people eligible for this help have failed to apply.

Experience has proven that plans for higher education should begin during the student's sophomore year in high school. "The boy or girl who starts considering career and scholarship sources early, is the one with the best chance of going on to school," she said.

Parents and students are encouraged to make use of the copies of "Need A Lift?" provided as a service to the community. The publication, prepared by the American Legion's Education and Scholarship program, National Americanism Division in Indianapolis is now in its 11th edition with distribution of more than a half a million copies since its first issue in 1951.

Mrs. Osborn Grimstad, Education and Scholarship Chairman, Lindley DeGarmo Unit, stated that thousands of young people have not taken advantage of the generous educational aids which are available due to a failure to plan early for their future education.
